

Summary of capabilities

Incheon, South Korea

Overview:

The Korean market is becoming a top clinical trial destination due to its clear, stable regulatory structure with streamlined approval pathways that include short study start-up timelines.

Our highly experienced local South Korean team is supported by our network of Asia Pacific facilities, including Singapore, Beijing and Suzhou in China, Japan, and India, providing access to a global network with a local presence.

Incheon clinical storage and packaging capabilities:

Storage capacity		Capabilities and services
Controlled ambient (15°C to 25°C)	3,466 sq. ft. (322 sq. m.)	Secondary packaging <ul style="list-style-type: none"> Packaging of light-sensitive materials Cold chain labeling Expiry date labeling/re-labeling Distribution <ul style="list-style-type: none"> Comparator sourcing Clinical ancillary materials sourcing and management Pick and pack and distribution services with dry ice Import/export documentation support and domestic and international transportation management
Refrigerated (2°C to 8°C)	53,255 cu. ft. (1,508 cu. m.)	
Frozen (-15°C to -25°C)	Walk-in 4,732 cu. ft. (134 cu. m.)	
Deep frozen (-60°C to -90°C)	Five (5) multi-temp upright units 167.5 cu. ft. (4,745 L)	

From molecule to medicine

An integrated partner for every step in your drug development journey

Thermo Fisher Scientific provides industry-leading pharma services for drug development, clinical trial logistics, and commercial manufacturing through our Patheon™ brand. We partner with customers in the pharmaceutical, biotech, and life sciences industries as their trusted CDMO to deliver medicine to patients faster. With more than 60 facilities around the world, we provide end-to-end pharma services across all phases of development and commercial manufacturing, including API, oral solid dose, biologics, cell therapy, mRNA, viral vectors, formulation, clinical trial solutions, logistics services, and packaging. We couple our scientific and technical excellence in these areas with a strategic partnership to provide customers of all sizes access to a global network of facilities and dedicated experts across the Americas, Europe, Asia, and Australia. Through our integrated service offerings, we provide tailored solutions to fit your unique drug development journey, accelerating your time to market.

Discover the power of our global network.
